## SWIMMING POOL DEDICATED AT 4TH OF JULY PARTY

### KIDS ENJOY NEW POOL AS PARENTS CELEBRATE 4TH AT ALPINE

The summer edition of the Riel Bowl took place on the 4th of July at the home of Bob and Karla Riel. The new swimming pool was the center of attraction, and all the kids had a great time, especially using the slide. The pool is very impressive, and we understand that it has attracted some attention from casual passer bys on the freeway. In one instance a visitor left the freeway to knock on the door to ask if he could look at the pool. The food was great, as usual, and we understand that Grandma Riel sampled the roast beef, the chicken and a hamburger. This was one day after she announced that she had decided to become a vegetarian. The only mar in the festivities was that Grandpa Riel was not able to attend, due to a sudden trip to the hospital on the 3rd. He really missed not being there, but as noted elsewhere in this issue, he had no choice in the matter. In any case, it was a great party, and we all owe a big vote of thanks to Bob and Karla for the hospitality.

### SPORTS NEWS

For the second year in a row Bob Riel joined his father to play in the annual Fathers Day Tourney at Stardust CC. As usual, a good time was had by all of the participants. This was the last Stardust event, since as of July 1st Stardust became a public course. However, Grandpa and Grandma have joined the newly created Handlery Golf Club, and will continue to play the course on a regular basis. Many of the former members also have elected to continue, and the regular Sunday events will continue to be held. Thus far, we have not noticed very much of a change in conditions, except that the course seems to be a little busier than it used to be. This new situation will continue until the

end of the year, and the future fate of the course will be re-evaluated at that time. The key factor is timing of the coming of the trolley line

planned to be extended to Old Town and then out Mission Valley to the San Diego Stadium. At that time the course will be closed, renovated, and then reopened for public use. In the mean

time will have to make other golfing arrangements.

We have the following additional sports news from reporter Francie. "As all San Diegans' know, summer brings the Over the Line (O.T.C) tournament to Fiesta Island. But not everyone knows that O.M.B.A.C (Old Mission Beach Athletic

Club) and OTLPA (Over the Line Players Assoc.) also sponsor several junior OTL tournaments for kids 5-17. This year Brett, playing on 2 Righties and a Lefty and Bryce playing on the Jets brought home a total of 5 trophies! Bryce placed 2nd twice and Brett placed 3rd once and 2nd twice out of four tournaments.

Bryce placed in the Junior OTL World Championships and got a small mention (his team anyway) in the Union Tribune, as well as the O.T.L. program, pg. 74.

Brett, after losing his premium lefty to another team managed to snag another one and pass up the ex-team mates team for a 2nd place finish - yea! There are a couple tourney dates left, so any three kid teams out there who want to know the dates, contact Alan at 488-8475."

## TRAVEL NEWS

The Mehan family took off recently from San Diego, headed for Dusseldorf, Germany. Uncle Bud is attending a meeting at a university near Dusseldorf, and Margaret and kids are going along for the ride. They will be gone or two weeks, and Margaret said that she left her computer at home and intends to be out of touch with the world for the entire time. After the meeting they fly to London to visit friends, then back to Munich for some more sightseeing. They will return just in time for the big birthday party for Carol's 40th.

Francie is off to Montana for another teaching trip, her biggest class yet. As soon as she returns she and Jose are off to Jamaca for a vacation. We look forward to some news on these trips in the next issue.

Both Jason and Jessica also are traveling this month. Jason gets a trip to Hawaii, with friends, and Jessica is off to North Carolina, also with friends. We look forward to reports from both, when they get back.

## MICHELLE MOVES TO POLLOCK PINES

On June 17th Grandma and Grandpa entertained Michelle on her last full day in San Diego. Since Grandma had a beauty parlor appointment in the

morning, Michelle helped Grandpa with some bank and shopping chores. Just as they were leaving to meet Grandma there was a call from Uncle Bob G. asking for some baby-sitting help with little Annie, who was feeling poorly at school. Thus, Grandpa took Annie and Michelle to get Grandma, who took Michelle to lunch. Annie spent the afternoon mostly asleep at Grandmas, and was picked up by mom later on. Since Grandma and Grandpa were headed for the baseball game that evening Michelle was picked up by Uncle Bruce, near the ball park. The next morning Uncle Bruce drove her to Fresno, where she was picked up and taken to her now home with her father and step mother. Michelle asked to be placed on the circulation list for future issues of RPNL, and Grandpa promised to do so, providing she sends us news of her future activities, which she promised to do. Her new address is 3107 Darby Lane, Pollock Pines, CA 95726.

## BIRTHDAY CALENDAR

Bryce Sorem	July 8	8
David Gillingham	July 20	9
Frances Castro	July 21	42
Timothy Riel	July 26	12

## DR. BOB GRADUATES

We have the following official report by on the spot reporter Aunt Listy. "The Gillingham clan had an early vacation this year, by venturing off to Flagstaff, Arizona to watch Bob become a hooded scholar. The ceremony was long, over three hours, but very rewarding. After the ceremony, we were all treated to dinner at the Enchantment Resort in Sedona by the parents. Kristy, David and Annie were rewarded, the next day, with a special trip to the Grand Canyon and a nice late night swim at their grandparent's hotel. It was really great to see this doctorate program to the bitter end and to have the opportunity for our kids to experience the pride of accomplishment that comes from working hard and persevering to finish a project that means so much to you. "The Big Story", as his doctorate has been referred to by our children, has finally come to "The End", but the memory of the graduation will stay with us for a long time, or at least until Kristy,

David and Annie all finish theirs." Once again we congratulate Bob on the successful completion of a long and difficult task. The accompanying photo shows the final step in the awarding of

## SOME SCHOOL NEWS

We have another report from Aunt Listy, covering one of her school class activities "Also, my classes won 3rd place for the S.D. Union/Tribune Stock Market Game. Over 200 competitors entered by trying to invest an imaginary \$20,000 for 10 weeks. We came out with a gain of \$2,900, and considering the real market over the last few months, we did really well. The prize money, \$100, will be spent on a class party, after the students once their reports on their stocks."

## RUNNY NOSE DEPARTMENT

On July 3rd Grandpa Riel suffered another attack of pancreatitis, and had to be admitted into Sharp Memorial hospital. After 5 days of nothing to eat or drink, and numerous tests, he was released. Thus far there has been no clear medical definition of the cause of this problem. However, on July 15th he spent a few hours at the hospital being examined by endoscopy. We will have a full report from the doctor on August 1, and hopefully he will outline what future action, if any, he recommends. In the meantime Grandpa is resting at home, and is slowly recovering from the problem. This accounts for the lateness of this issue of RPNL. We hope to be back on a better schedule by August.

Dr. Bob Graduates!

The Gillingham clan had an early vacation this year, by venturing off to Flagstaff, Arizona to watch Bob become a hooded scholar. The ceremony was long, over three hours, but very rewarding. After the ceremony, we were all treated to dinner at the Enchantment Resort in Sedona by his parents. Kristy, David, and Annie were rewarded, the next day, with a special trip to the Grand Canyon and a nice late-night swim at their grandparent's hotel. It was really great to see this doctorate program to the bitter end and to have the opportunity for our kids to experience the pride of accomplishment that comes from working hard and persevering to finish a project that means so much to you. "The Big Story", as his doctorate has been referred to by our children, has finally come to "The End", but the memory of the graduation will stay with us all for along time, or at least until Kristy, David, and Annie all finish theirs...

Dad,  
Here's  
the latest on  
Bob! ☺

Also, my classes  
won 3<sup>rd</sup> place for the S.D. Union/Jubilee  
Stock Market Game. Over  
200 competitors entered  
by trying to invest an  
imaginary \$20,000 for  
10 weeks. We come out with  
a gain of \$2900, and  
considering the real market  
over the last few months, we  
did really well. The prize money,  
\$100, will be spent on a class →

party, after the students finish  
their reports on their  
stocks!

As all San Diegan's know, Seemore brings the Over the Line (O.T.L) tournament to Fiesta Island. But not everyone knows that O.M.B.A.C (Old, Mission Bay Athletic Club) and OTLPA (Over the Line players Assoc.) also sponsor several junior OTL tournaments for kids 5-17.

This year Brett, playing on 2 righties and a lefty and Bryce playing on the Jets brought home a total of 5 trophies!

Bryce placed 2<sup>nd</sup> twice and Brett placed third once and 2<sup>nd</sup> twice out of four tournaments -

Bryce placed in the Junior OTL World Championships & got a small mention (his team anyway) in the V.T. as well as the O.T.L program, ~~which~~ page 74.

Brett after losing his premium lefty to another team managed to snag another one and pass up the ex-teammates team for 2<sup>nd</sup> ~~Place~~ Place finish - yea! There are a couple tourney dates left, so any three kid teams out there who want to know the dates, contact Alan at 488-8475

Francie heads off to Montana to teach her biggest class yet on Sat. July 16 and returns July 17<sup>th</sup> then the following Sat. she and Jose leave for Jamaica<sup>sp?</sup> for a week.

□ **Life in the city**

Not that anybody's taking anything for granted, you understand. But Gov. Pete Wilson has scheduled a general campaign kickoff in his hometown San Diego, with Mayor Susan Golding, at Downtown Johnny Brown's, on the Civic Theater Plaza, on Monday afternoon. The day before the primary . . . A month before the grown-up adolescents play, youngsters 5-17 will take to the sands on Fiesta Island today for OMBAC's 25th Annual Junior World Championship Over-the-Line Tournament. A record 250 teams are expected to play, under circumstances similar to the ones faced by the big kids. Only Pepsi is substituted for beer, and the team names are printable . . . Furthermore: "The OMBAC Rugby Team is not the most-winning team since the beginning of time in San Diego," concedes Atty. Pat Boyl. "Just in the real world of now." And they keep winning. The five-time national champs beat England's No. 4 team, Orrell (from Wiggin), 20-6 last week . . . Ulysses Simpson Grant, who's in the construction business in Escondido, has chosen the only logical location for his June 18 wedding. He'll marry Casina Elizabeth Mason at the U.S. Grant Hotel, named for his great-great-great-grandfather, the general.
